CARAMEL TECHNIQUE

Create some caramel tones and spice up your color!
Try this easy technique to infuse gorgeous color with reflection and shine. This technique works well on anyone who has Level 4 -Medium Brown up to Level 8 Light Blonde.

Step 1

- Using a comb, section the top of the hair using the middle of the eyebrows as a guide and section out the top section as a square back to the crown. Clip out of the way.
- Using a comb, subsection the hair in a zig-zag parting beginning at the top of the ear moving around the back of the head. Clip out of the way.
- You will now have 3 sections-
- 1- top
- 2- middle
- 3-below the ears

Step 2

- Mix 2 separate formulas

Formula 1 - Soft Caramel

Mix:

- 1 oz. 4G- Medium Golden Brown
- 1 oz. 7RG- Medium Tangerine Blonde
- 4 oz. 10 volume One 'n Only™ Argan Oil 10 Volume Cream Developer

Formula 2 - Light Caramel

Mix:

- 1 oz. 6G- Dark Golden Blonde
- 1 oz. 7RG-Medium Caramel Blonde
- 4 oz. 10 volume One 'n Only™ Argan Oil 10 Volume Cream Developer

Method of Application

- After the formulas are mixed, apply the Soft Caramel formula to section 1 and 3. Apply the Light Caramel formula to section 2. Run the color down the strand to the ends to get full lift and tonal change.
- Process for 30 minutes
- Rinse, shampoo and condition with One 'n Only™ Argan Oil Moisture Repair Shampoo and Conditioner.
