Hair Color

SPOOKY WITCH

This technique will create a band of color around the hairline that is a silver-chrome color, while the rest of the hair will be a true violet-black tone. Section a 2-inch part from the hairline around the head. Clip up and out of the way. This hair needs to be pre-lightened in order to get a bright, impactful color.

Step 1:

Use One 'n Only™ Argan Oil Powder Lightener for all off-scalp lightening. Mix lightener with One 'n Only™ Argan Oil 20 Volume Cream Developer until creamy consistency is achieved. To create an all-over lighter color result, apply powder lightener, keeping it off the scalp. Wrap the 2-inch section in foils to separate the hair. Process to pre-lightened 2-yellow stage.

Step 2:

Working at the same time, while the lightener is processing, mix the following formula for the rest of the hair.

Mix:

1 oz. 2V Black Violet
2 oz. 20 Volume One 'n Only™ Argan Developer

Apply all over the hair, staying away from the hair in the foils.
Process 30 minutes.

Step 3:

Rinse color out of the hair without disturbing the hair in the foils. Once the black color is rinsed, you can rinse the hair in the foils. Do not let the lightened pieces of hair hit the other color.

Step 4:

Dry the lightened pieces of hair in the foils.
Apply Perfect Intensity Chrome on the hair.
Strand test every 5 minutes until desired results are achieved.
Process 30 minutes.
Rinse and dry.
